## INTRODUCTION

This booklet was designed to answer some of the most frequently asked questions about our interscholastic athletic program. We are anxious to have parents and athletes know the regulations governing their son/daughter's participation.

A participant in athletic activities is in the public eye from the minute his/her name appears on a school roster. At all times (12 months of the year) whether in school, around town or on an athletic trip, they represent their school and should conduct themselves in a manner which brings credit to the team, the school, the community and parents. To achieve the results desired in our athletic program and to insure that everyone is treated equally, it is necessary to set up specific athletic rules and regulations for all those participating in athletic activities at Breitung Township Schools.

If you feel you would like further clarification on some of the items we address, or if you feel we omitted some things that would be beneficial to all, then please contact us at the High School Office (779-2670) or the Middle School at (779-2680). We would be happy to hear your opinions, and perhaps include your ideas in a subsequent printing of this booklet.

### NOTE TO PARENTS: INSURANCE COVERAGE

Please be aware that injuries can occur in athletics, and Breitung Township Schools Insurance Policy does not cover injuries. If you do not have insurance, you can purchase an inexpensive insurance policy called MICHILD. The MHSAA also has a catastrophic policy when medical expenses exceed \$25,000. Please contact the Athletic Department if you feel you fall into this situation.

This information can be accessed by going to [www.michigan.gov/mdch](http://www.michigan.gov/mdch) and print application.

Also available, if needed, is additional **concussion** insurance from K & K Insurance. They can be contacted as follows:

# **PHILOSOPHY STATEMENT AND OBJECTIVES FOR INTERSCHOLASTIC ATHLETICS**

Interscholastic athletics are an integral part of the total education process. Guidelines are formulated and maintained which will cultivate high ideals of good citizenship and sportsmanship. The interscholastic athletic program is planned, organized, developed, directed and controlled to protect, conserve, and promote health and physical welfare of the participants without discriminating on a legally prohibited basis.

## **TO IMPLEMENT THIS PHILOSOPHY THE FOLLOWING GUIDELINES**

### **GOVERN:**

1. Protect the general welfare and safety of all participants.
2. Involve dedicated coaches who are excellent teachers.
3. Conduct a program which promotes uniformity of standards in athletics.
4. Provide and maintain the best facilities and equipment possible.
5. Conduct a program in accordance with the M.H.S.A.A. and those rules set forth by the Breitung Township School District.
6. Promote consultation and cooperation between middle and high school coaches.
7. Stress the importance of team effort, concern for the individual, and the pursuit of excellence.
8. Foster good sportsmanship on the part of participants and spectators.

### **OBJECTIVES:**

1. To learn the basic concepts and fundamentals needed to compete in a given athletic activity so the participant can compete to full potential.
2. To develop an understanding of the rules of each athletic activity and learn to participate within these rules.
3. To learn to show respect for those individuals who conduct athletic events and to accept official's decisions.
4. To learn the importance of training and conditioning for athletic competition and to adhere to the Breitung Township Schools Disciplinary Rules and Regulations for Interscholastic Athletics.
5. To be able to accept suggestions and criticism and be able to cooperate, associate with, and work with other people.
6. To provide an opportunity for competition, promotion of school spirit, and spectator participation.
7. To be able to develop as a team member toward a common goal.
8. To provide the opportunity to experience fellowship and respect for teammates and opponents.
9. To develop desire, pride and a good attitude while winning or losing and to control emotional experiences that accompany contest results.

## **ROLE OF “WINNING”**

Winning in athletics is of great importance. However, that role is of a specific nature and keeping it in that proper perspective is critical. An athlete should strive to develop “the will” to win as you develop as a person. This helps you to do the things necessary to approach your full potential. The pride developed through such an attitude will build consistency in performance and in your character as a person. Winning is not everything, but pride and the desire to excel is critical.

## **CODE OF CONDUCT**

The conduct of an athlete is closely observed in many areas of life. It is important that the athlete’s behavior be above reproach in all respects at all times. Participation in athletics is a privilege and not a right. When a student voluntarily participates in a sport, he/she agrees to abide by the Code of Conduct and training rules throughout his/her school career. Failure to comply with the Code of Conduct, including the athletic training rules, will result in disciplinary consequences, up to and including dismissal from athletics.

An athlete is expected to behave in a manner that brings only respect and admiration for the athlete and the school. The athlete is expected to have full knowledge of the substance use provisions below and team membership requirements, and is expected to be guided by wisdom and prudence in all actions, both in and out of season. The use or possession of tobacco, alcohol, or illicit drugs in or out of season, and involvement in any unlawful acts or situations that are detrimental to the athlete, team, or school, are examples of violations of this standard of conduct. Student athletes may not violate any rule or engage in unsportsmanlike conduct which reflects negatively on Breitung Township Schools at any time. Violations of the Student Code of Conduct as set forth in the High School Student-Parent Handbook are prohibited. Similarly, violations of any team training rules or Code of Conduct as may be established by the coach, including grooming regulations or curfew rules, are prohibited. Examples of violations include, but are not limited to: fighting, stealing, vandalism, inappropriate behavior at home or away school functions, antisocial behavior, unsportsmanlike conduct, or harassment of students. Undesirable conduct and/or involvement with the law (even without legal conviction) could result in consequences ranging from no action to dismissal from athletics. This decision will be made consistent with the disciplinary process described below. Any attempted misconduct is also prohibited. Penalties for infractions may be in addition to other punishment under the Student Code of Conduct. An athlete is expected to inform the coach of any occurrence that could alter eligibility.

## ARTICLE I STUDENT/ATHLETE EXPECTATIONS

- I. Dropping out of a sport is a serious matter. No athlete should quit a team without first consulting the coach and/or athletic director.
- J. **WATCH YOUR LANGUAGE.** Abusive and/or vulgar language is totally unacceptable. It does not demonstrate a desire to excel, only a lack of self-control. Focus your energy on your performance. **NOT YOUR MOUTH!** Here at Kingsford we will win, or lose, with class and sportsmanship.

An athlete shall notify his or her coach if he or she is taking a prescription medication which could alter the athlete's behavior or affect the athlete's ability to participate in a physical activity.

The Athletic Council shall determine, by a majority vote, if a violation of training rules has occurred. This committee shall make and conduct such investigations and hearings, formal or informal, as it shall see fit.

### **The Athletic Council shall consist of:**

1. A representative of the school administration

## **GENERAL SCHOOL ATHLETIC POLICIES**

### **ATTENDANCE REQUIREMENT**

A student may participate in an extracurricular activity, (meeting, practice, or competition) after school or during the evening only if the student has been in school all during the day. An exception will be made if there is an approved, prearranged absence with the School Administrator or if the student is ill in the morning and well enough to attend at least 4 classes.

- A. If the activity is on a Saturday or other non-school day, the student must have attended or have an approved absence for the last school day prior to the activity.
- B. Any athlete who is assigned detention or who is suspended from school will not practice or participate until the detention or suspension is fulfilled. Any athlete who knowingly goes to practice and cuts detention will not participate in the next scheduled sport event.

In this case, the coach should be informed of the injury. If missing school the day after becomes a habit, it may warrant suspension.

### **EARLY DISMISSAL POLICY**

There are times during the year that our student athletes will have to miss class time. When this does occur only students eligible will be dismissed early. In regards to missed school work the student is responsible to contact the teacher and make up all work in a timely manner as to satisfy the teacher. Students falling behind with make-up work will not be excused early.

### **AWARDS**

All members of the teams that finish the season in good standing, will receive an award of some type each season. If it is necessary for an athlete to travel to or from a contest in a different manner, the parents should submit that request in writing to the Coach for approval prior to making that trip. Our coaches may, however, release an athlete to a parent following a contest, but no one else without the written consent of the parents.

These are scheduled near the end of the school year and are good for the entire **NEXT** year. This is the **ONLY** time that school provided physicals will be offered. If you are unable to make the scheduled dates, you will be responsible for your own physical. **NO ONE WILL BE PERMITTED TO START PRACTICE WITHOUT A PHYSICAL CARD ON FILE IN THE OFFICE.**

### **EQUIPMENT/ UNIFORMS**

Athletes are responsible for ALL equipment and uniforms issued to them by their coach. The use of school equipment is important. We are committed to purchasing the best at all times. If you destroy, lose or steal equipment then you are taking from yourself and your team mates. Each athlete is financially responsible for all equipment.

School athletic clothing issued to students is to be worn in direct connection with school athletic activities only. Possession of equipment from other schools or sports within Breitung Township School will be unacceptable.

We ask the parents of our athletes not only to launder all school uniforms and equipment issued to them, but also to maintain them in a good state of repair. If parents have any questions

concerning the proper care of the uniforms issued, please contact the Coach. Most of our uniforms are relatively new, and for the most part are made from synthetic fibers. We ask that bleach not be used in the laundering of these uniforms. Athletes have to provide their own shoes, socks, athletic supporters, and practice gear when appropriate.

### **USE OF FACILITIES**

The school athletic facilities are open to the athletes for their use. It is important to emphasize to all athletes their responsibilities as squad members to take good care of school equipment and facilities, and to report any abuses to their coach. **At no time are athletes to use school equipment and facilities without authorized supervision.**

### **POLICY FOR SNOW DAYS AND SCHOOL CLOSING**

Inclement weather causing cancellation or early dismissal of school will cancel all previously scheduled practices. Primary consideration will be given to participant's safety with regards to road conditions, weather forecast and other factors. Practices may be re-scheduled if the weather permits. All practice sessions approved under these conditions must be under totally voluntary conditions for all participants. Varsity squads will receive first and primary consideration for practice time and facilities in inclement weather situations.

### **SUNDAY AND HOLIDAY PRACTICE**

There can be no practice on Sunday or holidays without permission being granted by the Athletic Director. All practice sessions on Sunday or holidays are totally voluntary.

Each spring the Booster Club sponsors a sports banquet to honor all senior varsity letter winners, most valuable players and other special award winners for all participants.

# **PARENT & COACH COMMUNICATION**

## **PARENT/COACH RELATIONSHIP**

Both parenting and coaching are extremely challenging vocations. By establishing an understanding of each position, we are better able to accept the actions of the other and provide greater benefit to our children. As parents, when your children become involved in our program, you have a right to understand what expectations are placed on your child. This begins with clear communication from the coach of your child's program.

## **COMMUNICATION YOU SHOULD EXPECT FROM YOUR SON/DAUGHTER'S COACH**

1. Philosophy of the coach
2. Expectations the coach has for your student athlete, as well as all the players on the team
3. Locations and times of all practices and contests
4. Team requirements; i.e., fees, special equipment, off season conditioning
5. Procedure should your child be injured during participation
6. Discipline that results in the denial of your child's participation

## **COMMUNICATION COACHES EXPECT FROM PARENTS**

1. Concerns expressed directly to the coach
2. Notification of any schedule conflicts well in advance
3. Specific concern in regard to a coach's philosophy and/or expectations

As your children become involved in the athletic programs, they will experience some of the most rewarding moments of their lives. It is important to understand that there also may be times when things do not go the way you or your student athlete wishes. At these times, discussion with the coach is encouraged.

## **APPROPRIATE CONCERNS TO DISCUSS WITH COACHES**

1. The treatment of your student athlete, mentally and physically.
2. Ways to help your student athlete improve performance
3. Concerns about your student athlete's behavior.

Coaches are professionals. They make judgment decisions based on what they believe to be best for all students involved. As you have seen from the list above, certain things can be and should be discussed with your student athlete's coach. Other things must be left to the discretion of the coach.

## **ISSUES NOT APPROPRIATE TO DISCUSS WITH COACHES**

1. Playing time
2. Team strategy
3. Play calling
4. Other student athletes

Should a situation arise, we encourage you to request a conference between the coach and the parent. It is important that both parties involved have a clear understanding of the other's

position. If a conference is necessary, the following procedure should be followed to help promote a resolution to the issue of concern.

1. Call to set up an appointment with coach 779-2670.
2. If the coach cannot be reached, call the Athletic Director, and he will set up a meeting for you.
3. Please do not attempt to confront a coach before or after a contest or practice. This can be an emotional time for both the parent and the coach. Meetings of this nature do not promote a satisfactory resolution.

### **THE NEXT STEP**

What can a parent do if the meeting with the coach did not provide a satisfactory resolution?

1. Call and set up an appointment with the Athletic Director to discuss the situation
2. At this meeting the appropriate next step can be determined

Since research indicates a student involved in co-curricular activities has a greater chance for success during adulthood, these programs have been established. Many of the character traits required to be a successful participant are exactly those that will promote a successful life after high school. We hope the information provided here makes both you and your student athlete's experience with the athletic programs more enjoyable and successful.
